COLOR TOBACCO SELLING HIGHER IN SOUTH THIS SEASON

First Reports From Southern Tobacco Markets Show Color Tobacco Higher But Common Tobacco Cheaper.

The Southern Tobacco Market opened last week and the tobacco growers and dealers in this section are very anxious to learn just how the market is going. Mr. J. C. Rains, Secretary of the Maysville Association has received letters from three South Carolina Markets which indicate that the market is very satisfactory.

Dillon Market.

From Dillon, Dan Harty, well known auctioneer, writes that his warehouse, The Liberty, sold 36,000 pounds on July 20th. The price ranged from \$1 to \$63 per hundred. He says, "the good tobaccos that have color are selling here higher than last year the common tobaccos are cheaper."

Pamlico Market.

From Pamlico, S. C., Mr. R. W. Hutcherson, manager of the Farmers house, says: "Your letter received, will say we had our opening sale yesterday (20th) with small breaks. I had between 14 and 15 thousand very common ground leaves averaged \$15.35 for everything; had 23 thousand today average \$15.30. I consider these tobaccos high for the quality. We are having excessive rains here for several days, the crop went stand much more. If we could have fair weather from now on we will have some fine tobacco with best wishes," etc.

Marion Market.

From Marion, S. C., Mr. B. E. McClure writes from the Phoenix Warehouse, which is owned by Mr. C. M. Jones, owner of the Liberty house here, as follows: "Our market opened on the 20th with small sales. Prices are good for the grade of tobacco that is being offered. Our sale averaged 19 1/2 cents. Sold from 1 cent to 48 cents. Prospect looks good on good tobacco; color is high. We are having heavy rainfall that is doing damage to the tobacco crop; if it continues we will have another high market this season."

Mrs. George Burrows, of West Third street, returned home Sunday evening after spending a few days with relatives in Cincinnati.

Eugene and Earl Jones two of the Ledger carriers, with their mother, leave for Ruggles campgrounds tomorrow.

SATURDAY'S STORM DOES MUCH DAMAGE IN THIS VICINITY

Residence on Judge Rice's Farm Burned—Horses and Cattle Killed By Lightning and Many Buildings Damaged By Wind.

The terrific wind and rain storm Saturday afternoon did considerable damage to property throughout various sections of Mason county and in some parts developed into hail storm which did much damage to growing crops and especially big tobacco. Hill land which was planted in tobacco was badly washed and corn was laid to the ground in many places.

Probably the most serious damage was done in the Hill City Pike section where a splendid house on the farm of Judge W. H. Rice was burned to the ground. The house was occupied by Mr. Harvey Rice, son of the owner, and practically all of their household goods were destroyed in the fire. A piano and some of the furniture was carried from the parlor and saved but the balance of the property was destroyed.

In the Washington neighborhood a large stack of wheat on the farm of Mr. John Cochran was struck by lightning and burned entirely to the ground a very great loss.

In the Lewisburg neighborhood Mr. Ed. Nesbitt lost a valuable cow which was struck by lightning, and Mr. Ernest Steers lost a valuable horse killed in the same manner. At Shannon a crib on the farm of Mr. Ike Mason was badly damaged by wind and a silo on the farm of Mrs. George Gibson was blown down. Mr. Eli Frame's barn in the Rectorville neighborhood, was damaged by the high wind and a barn belonging to Mrs. Betty Carr in the Orangeburg neighborhood was also damaged. A barn on Mr. John Ring's farm in the Bull Creek section was struck by lightning and burned while two others were damaged by the wind. Mr. Roger Lyons, of Rectorville, lost two valuable horses killed by lightning and in the Germantown neighborhood the losses are heavy.

The hail was damaging only in sections and most of the tobacco will more than likely grow out. The telephone system was put out of commission and many trees were blown down. Representatives of the Mason County Mutual Insurance Company, which has many losses throughout the county, will inspect the losses today and tomorrow after which a complete tabulation of the damage can be given.

Mr. Henry Holton, of the Trinity neighborhood, was one of the heaviest losers in this section. A large barn on Mr. Holton's farm was struck by lightning and burned to the ground with ed. Mr. Holton had just finished re-laying amount of hay and wheat with all his farming implements were burned. Mr. Holton had just finished re-roofing the barn last week at a cost of \$600.

NEWSIES TO BE GUESTS OF CARNIVAL TUESDAY

Leslie Arthur Post American Legion Will Extend Cordialities to Maysville News Boys Tuesday Evening.

Tuesday evening will be Newsies' Night at the Carnival grounds. The officers of Leslie Arthur Post American Legion, under whose auspices the carnival is now holding forth at League baseball park, today extended an invitation to all Maysville news boys to be their guests at all of the attractions on the grounds Tuesday evening.

The carnival got a good start Saturday evening despite the bad weather and it is expected that tonight the grounds will be crowded with people out for a good time. The free attractions on the grounds will bring out many and the band concerts will attract others. The concerts given on the streets by the company's Italian band are greatly enjoyed.

This carnival is said to be one of the cleanest outfits showing in Maysville in years. The organization under whose auspices the company shows here, has announced that they will not tolerate improper shows of any sort on the ground and they are looking forward to a successful week and the support of the citizenship.

TEETH WENT OVERBOARD.

'Squire L. M. Collis, the genial miller at Orangeburg, met with a rather disastrous accident at his fishing camp on Kinney Saturday afternoon which brought a rather abrupt end to his fishing trip. The 'Squire was landing a good sized one in his boat in the middle of one of the deepest holes in the stream when he turned his head to emit a sudden and violent rush of air through the mouth and nostrils, in other words, to sneeze, and his teeth were thrown violently into the stream. His Maysville friends about the court house were not quite so cruel as to ask him whether or not he landed the big fish. The 'Squire was in the city today to place an order for another pair and it was a rush order too for spring chicken time is here and butter bean time is nigh.

EIGHT MILLIONS FOR OHIO RIVER.

Reports submitted by army engineers in Cincinnati show that between \$7,000,000 and \$8,000,000 is available for use in the improvement of the Ohio River. Colonel M. L. Walker, division engineer, expressed the belief, Saturday that the amount on hand will be sufficient to complete the dams at Maysville, Coney Island and Rising Sun. Reports show that up-and-down-stream traffic totaled 5,944,377.74 tons, valued at \$88,912,135.54, and that 1,048,046 passengers were carried during the fiscal year.

TRUNK MURDER MYSTERY MAY NOW SOON BE SOLVED

Clothing Found With Body In Trunk Said to Be That of Mrs. Eugene Leroy — Suspect To Be Identified.

Detroit, July 26. — Solution of the New York-Detroit murder trunk mystery and the arrest of the slayer of the woman appears to be near, today, following the positive identification of the clothing found in the trunk, as that of Katherine Jackson, of Starksville, Miss., known in this city as Mrs. Eugene Leroy.

Complete solution awaits only the identification of the man held by Chicago police as Eugene Leroy. Policeman Leo Trumbull, who has known Leroy since October, 1919, is on his way to Chicago to identify the man.

Policeman Trumbull and his wife, Olive, said that they had met Katherine Jackson on October 30, 1919, at the Interurban Hotel. Two nights later they met Eugene Leroy. The hotel records show that both Katherine Jackson of Nashville, Tenn., and Eugene Leroy of New York were at the hotel that night, coming in at different times and occupying different rooms. A. H. Ellenburg registered with and occupied the same room as Leroy.

Two weeks later the Trumbulls met the man and woman again. The girl was wearing a wedding ring and said that she and Leroy had been married. They went to live with the Trumbulls, and it was there that Mrs. Trumbull became familiar with the rose sweater and other articles of clothing found in the trunk and first heard of A. A. Tatum. "Mrs. Leroy wrote Tatum for money, which she received, and again, following a quarrel with Leroy, sent for Tatum," Mrs. Trumbull said. "Mrs. Leroy confided in me that she had been married and divorced from a prize-fighter named Jackson in Mississippi, and had hoped her second marriage would be happier. The Leroy's quarrelled at great deal, however, and when Tatum was here and went out with Mrs. Leroy, they were followed by Leroy one night with a dagger."

Yesterday was a big day at Mt. Hope Campmeeting there being a record breaking attendance. It is expected that next Sunday will find Ruggles Camp grounds filled to overflowing.

Mrs. Thos. Dickson of West Fourth street and daughter, Miss Edith, are leaving tomorrow for Detroit and a trip on the St. Lawrence River.

STRUCK BY AUTOMOBILE AND A WRIST IS BROKEN

Deputy Circuit Clerk Struck By Automobile at Second and Market and Suffers Break at Right Wrist.

Deputy Circuit Clerk James H. Key, was seriously injured at the corner of Second and Market streets near noon today when he was struck by an automobile driven by Mr. August Rubenacker of the county, thrown against the running board of the machine and his right wrist was broken.

Mr. Key was crossing the street from the Swift Drug store corner and Mr. Rubenacker was driving down Market street. Mr. Key thought that the car was turning to go East on Second and was caught as the car turned to the westward. Fortunately the machine was not moving very rapidly when he was struck.

The right wrist, however, was badly broken. It was immediately set by a physician but will probably give Mr. Key much pain and will incapacitate him from his work for some time to come.

WIFE SLAYER IS LYNCHED BY MASKED WEST VIRGINIA MOB

Man Who Confessed That He Slew His Own Wife Is Taken From West Virginia Jail and Hanged From Tree By Mob.

Charlesota, W. Va., July 26. — William Bennett, Jr., of Fayetteville, who confessed last Thursday that he had murdered his wife on June 17, and who was sentenced to life imprisonment in the State Penitentiary, was taken from the Fayette county jail in that city by masked men at 2 o'clock this morning, carried about three miles into the country and hanged.

The lynching party, consisting of more than 75 persons, went to Fayetteville in automobiles shortly after midnight, 18 or 20 automobiles being used. The crowd was silent as it awaited the delivery of young Bennett from the jail.

Four men went to the jail and told the jailer, Charles Huddleston, that he was wanted immediately at the Sheriff's office. Without suspecting what was wanted he locked the jail and hastened to the Sheriff's office.

Upon reaching the courthouse he was met by four masked men, who "covered" him with revolvers, took him into the courthouse corridor, disarmed him and took away his keys to the jail. Three of the four then guarded him, while the other took the keys and entered the jail.

Little time was passed in the jail, and the one man soon appeared with Bennett. He was placed in an automobile and the procession hastened into the country.

Plans for the hanging had been prepared in advance. Young Bennett was hanged from a scantling in an oak tree.

Mrs. Della Bettett, the young wife of Bennett, and a daughter of J. Alfred Taylor, was murdered, according to the confession of her husband, on the afternoon of June 17 in their home, about two miles from Fayetteville. Bennett was a son of Judge William Bennett, of Fayetteville.

MAJISTRATE'S COURT IS POSTPONED.

'Squire Fred Dressel was called to Louisville today which necessitated a postponement of his regular monthly session of court.

Mr. Sudduth Royse, who recently suffered a broken wrist, was able to be out for a time Sunday. His many friends are very glad to note his rapid improvement.

ARMY BRUTALITY IS HIT BY WAR INVESTIGATORS

Republicans Map Means For a Change
In Future By Revision Of
Military Code.

Washington, July 24. — Determination to do away with the system of military justice which was practiced with the consent of the Wilson administration upon the American soldiers who participated in the war is expressed by the House Select Committee on Expenditures in the War Department.

Representative Royal Johnson, chairman of the subcommittee which made the report, served as a major in France. He and his Republican colleague, Oscar E. Bland, of Indiana, recommend that the existing articles of war be so changed as to require: That charges shall not be preferred except under oath.

That before the accused is held for general court-martial there shall be a thorough and expeditious preliminary examination to determine whether or not there is a prima facie case against him.

That he be promptly released from arrest or confinement if charges have not been preferred and the preliminary examination made within a specified reasonable time.

That the accused shall have the assistance of counsel from the time of his arrest until the final result of the proceedings of his case.

That the proceedings of the court-martial be regulated by law rather than by the unguided judgment of the officers who compose the court, and that the rules of evidence ordinarily applicable in criminal cases be applicable to court-martial proceedings.

That there shall be a review independent of military command to determine the legal correctness of all general court-martial proceedings.

"It is obvious," says the report, "that the existing system is archaic and was designed for an army not composed of citizen soldiers armed in defense of the State, and it is equally obvious that the administration of the existing system has been without sympathy for the unprofessional citizen soldier subject to its discipline. The private when arrested was immediately burdened with the presumption that a prisoner was a skulker, and no sympathy was shown him and no adequate opportunity

Tranquency, Causes and Cures; Value of Social Service Training in Enforcing School Attendance; Relation of School Attendance to Public Health; Relation of School Attendance to Farm Ownership; School Attendance and Citizenship; The Attendance Officer as a Medium Between Home and School; Medical Inspection and Sanitation; The Value of Community Organization in School Attendance; Economic Aspects of Non-attendance; Rural Recreation; Good Roads, Transportation and Consolidation; Problems of Juvenile Delinquency; The Attendance Officer as Probation Officer; Dependency, Methods of Caring for the Feeble Minded Inmate and Epileptics; The Attendance Officer as a Public Welfare Agent; Methods of Treatment for First Offenders; Kentucky's Problems—Suggestion for Solving them.

The authorities in charge of the school believe that a new dynasty has arrived for compulsory education in Kentucky. Uniformity in the enforcement of the law will be stressed. Kentucky has a compulsory attendance law with the teeth in it. It is correctly interpreted and rightly enforced. The reasons therefore for bringing county superintendents and attendance officers together are very evident.

given that his side of the case might receive the consideration the ordinary dictates of justice and humanity demand.

"This lack of sympathy is reflected throughout the army, for instance in the general order in the American Expeditionary Forces that no private should associate with an army or Red Cross nurse. A system of discipline that breaks the spirit of the men, that destroys their self-respect and the respect they have for the organization to which they belong, cannot be conducive to good morals or enhance the fighting qualities of the unit, and any system of rules or orders promulgated to regulate the conduct of private soldiers in any army such as the United States had in the World War, which destroys the self-respect of the soldier or constantly reminds him of his inferiority or deprives him of privileges while he clearly should enjoy, must necessarily be conducive to the destruction or morale and must cause deep hatred in the heart of the victim for the system of militarism that alone can foster such unjust, unfair and inexcusable regulations and methods.

"The whole court-martial power being an incident of command, exercisable or not, as the commanding officer sees fit, the result has been to make it easy to court-martial enlisted men and very difficult to court-martial officers. Officers are loath to stigmatize their fellow officers by court-martial, but there is no such zealous regard for the enlisted men. Under the code a man may languish indefinitely in prison without a hearing or trial. The accused enlisted man is not given that assistance of counsel which a fair trial requires and which can reasonably be provided in the army under all conditions."

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. J. J. CHENEY & CO., Toledo, O.

COFFEE! BELLE OF MAYSVILLE

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.

The only difference in this wonderful Coffee and the goods we sold years ago, it hasn't the kick.

Prices are right. A trial order will convince and will be appreciated.

SMALLPOX IN CARLISLE.

Carlisle, Ky., July 23.—Alarm has been given the residents of the Crayton neighborhood over small pox in that vicinity. About two weeks ago Mrs. William Elliott and three children, of Anderson, Ind., came to the neighborhood for a visit with the family of her uncle, E. D. Burton. When she arrived one of her children was ill and continued so for about two weeks. No physician was called. It is said. The child recovered and another daughter broke out. The county board of health was notified and Dr. O. S. Kash went to the house and pronounced the disease small pox and quarantined the house. Mrs. Elliott and children are now at the home of Noah Florence. Mr. Burton and his two sons, who were exposed to the disease are ill, and although they have not broken out an examination will be made by Dr. Kash. Mr. Burton's house was also quarantined. Eight persons in the neighborhood who had been exposed to the disease were vaccinated.

TIME TO EXCHANGE OLD SCHOOL BOOKS EXTENDED

Publishers of Kentucky School Books Agree to Make Exchange Until First of September.

Frankfort, Ky., July 25. — The Central School Supply Company, of Louisville, has indicated to Superintendent of Public Instruction George Colvin that it will extend to September 1 the time for exchanging old school books for new ones and will undertake to get the consent of the publishers to agree to the extension.

Letters have been written by Superintendent of Public Instruction Colvin to the publishers asking for the same extension. The failure to furnish or exchange the books is not due to any neglect on the part of the people but to the delay of the publishers in furnishing the books.

Under the law, in the event a company, fails, refuses or neglects to furnish books it is subject to a forfeiture of bond.

The Department of Education has satisfactorily adjusted the contract between the Central School Supply Company and book dealers throughout the state. Under the adjustment the supply company is to furnish books to dealers on a commission basis only. The supply company had attempted to write a new contract with the dealers whereby the dealers were to buy the books outright.
